

MARIAYE VICKERY

JR. UI/UX DESIGNER

ABOUT

I am a Jr. UI/UX designer and experienced arts manager. I have worked as an artist and arts manager for 8 years and recently discovered that my natural design proclivities could lead to a new career in UI/UX. Having recently completed the Google UX Design Certificate, I am seeking an internship or Jr. UI/UX position. I enjoy clever, clean design that meets user's needs. I am motivated to continue improving my understanding and practice of UI/UX design and would love the opportunity to bring this motivation to your team.
